FIT. FUNCTION. STYLE.

HERITAGE

Fit. Function. Style. Heritage.

Bestop has over 60 years of designing and manufacturing soft tops and accessories for Jeep and has been the sole supplier of OEM soft tops on all Jeep Wranglers since 1986.

Our premium aftermarket soft tops are designed and built to the same factory specifications as factory soft tops. That's why Bestop makes the #1 selling premium replacement soft top for Jeep Wrangler in the aftermarket today.

Bestop is still based in Colorado where we first started, and all Bestop-branded soft tops are designed and manufactured in North America.

Our 2016 catalog showcases this heritage. Within these pages you'll find all the perennial best sellers you expect from Bestop, and an array of exciting new products.

No other manufacturer has the depth of product applications for Jeep soft tops as Bestop. Whether you're restoring a classic WWII MB or CJ model, or need a new top for your Wrangler, it's available from Bestop. Thanks for picking up our catalog. If you've got questions or feedback, let us know.

We've been here for more than 60 years. We'll be here tomorrow.

NEW Products for 2016

Sunrider® for Hardtop on Jeep® Wrangler JKs.

The Sunrider® for Hardtop is a replacement for the bulky factory stock Freedom Panels and provides convenient year-round open air flexibility. Comes completely assembled, ready to install on 2007-2016 Wrangler JK models with factory hardtop.

See page 20 for details.

Custom-Tailored Seat Covers for Jeep Wrangler JKs.

Premium Quality – Waterproof – UV Resistant – Fire Resistant
Front & rear applications custom-tailored for 2007-2016 Jeep Wrangler JK 2-door and Wrangler JK Unlimited factory seats.

See page 44 for details.

Window Storage Portfolio Bag for Wrangler JK

Holds Trektop Pro® rear glass hatch and both side window panels; designed to hang from seat headrests inside for quick storage if desired; has protective fabric layers to separate window components to help prevent scratches or marks on the glass rear window or side window panels. Has carrying handles, heavy-duty zippers and made of tough ballistic material for durability.

See page 5 for details.

TREKTOP™ PRO

**Hard Top Convenience.
Soft Top Versatility.
Only from Bestop.**

The BESTOP Trektop™ Pro is the next step in soft top design for 2-door and 4-door Jeep® Wrangler JKs. A true hybrid, bringing together patented features JK owners want most in a top. A top for all seasons, for all the right reasons.

- Industry-first hard rear glass hatch on a soft top for easy, one hand operation and easy accessibility to rear cargo area... no messing with zippers
- Features Bestop's unique Sunrider flip-back panel for open air driving
- Weighs less than a hard top, has all-season capability
- Allows easy install or removal of rear hatch and side window panels
- Rear glass hatch has gas assist struts and integrated defroster connect
- Rear hatch is quickly removeable unlike factory or aftermarket hard tops
- Side windows feature slider panels for extra ventilation in the back
- With side panels and rear glass removed, Trektop™ Pro becomes a Safari Bikini top for open air driving
- OEM quality premium 30-oz. triple-layer black twill fabric for durability and great, no-wrinkles appearance
- Includes all mounting hardware, door surrounds, rear Halo support module, rear side panels with window sliders, safety glass hatch with defroster connection
- Built-in rear wiper motor mounting point for optional Rear Window Wiper Assembly
- Rear defroster and rear wiper assembly require factory wiring harness found on Wranglers with factory hardtops or dual-top option
- Limited Lifetime Warranty

Easily converts to a Safari Bikini top for open air driving.

Let the sun in with Bestop's exclusive Sunrider flip-back panel.

Sliding glass side windows for adjustable ventilation.

Rear glass hatch has gas assist strut, & integrated defroster connect.

BESTOP® Wrote the Book on Soft Tops for Jeeps. Now We've Added a Whole New Chapter with the Trektop™ Pro.

The Halo is what makes Trektop™ Pro so special and unique. It provides a strong, solid and secure foundation that holds the rear glass hatch in place, just like a hard top. But this glass hatch can be removed in less than a minute. The Halo is made of thermoplastic resin material with reinforcing honeycomb design on the inside. It easily bolts on in about 5 minutes.

Ease of installation or removal of the window panels means no zippers! Whether it's winter cold or summer heat, these window panels slide in or out of top rail, secure at bottom to Beltrail channel for a tight seal.

No other soft top can match the Trektop™ Pro in features, functionality, convenience and versatility.

Unique glass rear hatch lets you access rear cargo area quickly, provides more security than a soft top vinyl window, and no more tailgate bar to get in the way.

| TREKTOP™ PRO APPLICATIONS | PART # | COLOR CODE |
|--|---------------|-------------------|
| Jeep® | | |
| Wrangler JK 2-door 2007-2016 | 54852 | 17 |
| Wrangler JK Unlimited, 4-door 2007-2016 | 54853 | 17 |
| TREKTOP™ PRO OPTIONAL ACCESSORIES | PART # | COLOR CODE |

TREKTOP™ NX

TREKTOP NX - FAST BACK STYLING

- Kit includes soft top fabric, factory style door surrounds, tinted and replaceable windows, integrated windshield channel, Top Arch Bar(s), tailgate bar and Sunrider® sunroof feature.
- The Trektop NX is two tops in one! Use it as a full top or remove the side and rear windows and have a Safari Bikini option.
- Tough, multi-ply, premium-grade fabric that dramatically reduces outside noise and enhances insulation for a more comfortable ride.
- Built in Sunrider® sunroof allows for open air driving.
- Sunroof hardware is made of high strength steel and engineered thermoplastic polymer.
- Zip out side windows come with tinted DOT approved 30 mil windows.
- Features Top Arch bar that spans over the driver seat to keep top tight. Perfect for increased protection from snow and heavy rain.
- 07-16 Wrangler Unlimited applications have two Top Arch bars that span across the driver and passenger seats.
- Includes Bestop's new and improved Door Surrounds similar to OEM style door surrounds.
- Works with all factory steel doors and Bestop door kits (sold separately- see pages 32).
- Two year limited warranty.

Just release the header channel to use sunroof option.

Fabric tucks into the mounting channel on included Door Surrounds on TJ wrangler..

Anodized extruded aluminum Top Arch Bar(s) helps minimize puddling and retain shape.

Tensioning strap pulls on tensioning bar and attaches to back of vehicle tub as shown here.

CLASSIC SUPERTOP®

- Supertop® kits include hardware, soft top fabric and windows. Some kits include soft doors.
- For unsurpassed appearance and durability, the premium fabric maintains its shape in any temperature, is mildew-resistant, contains UV inhibitors and is offered in factory original colors.
- The Belt-Rail™ attachment system enables fast, easy installation.
- Hardware is chemically treated and powder-coated for rust resistance to ensure long life.
- Tailgate bar allows you to open the tailgate without opening the rear window for trouble-free access on most applications.
- Heavy-duty YKK scoop-counted zippers allow for easy window installation and removal.
- Sealed seams for water-tight protection.
- Industrial strength thread ensures durable soft top construction.
- Replaceable heat-sealed DOT-approved vinyl windows in clear or 31% tint meet U.S. and European regulations.
- In Supertop® kits containing tinted windows, the door windows are not tinted to meet regulations in all states.
- Most Bestop soft top parts can be replaced as needed, extending the value of the original purchase.
- Two year limited warranty.

Part #51699-15 shown on Wrangler TJ.

SUNRIDER®

- Convenient fold-back sunroof for open-air driving enjoyment.
- For unsurpassed appearance and durability, the premium fabric maintains its shape in any temperature, is mildew-resistant, contains UV inhibitors and is offered in factory original colors.
- The patented Belt-Rail™ attachment system allows for fast, easy installation and snug fit.
- Hardware is chemically treated and powder-coated for rust resistance to ensure long life.
- Tailgate bar allows you to open the tailgate without opening the rear window for trouble-free access.
- Heavy-duty molded coil zippers allow for easy window installation and removal.
- Sealed seams mean water-tight protection.
- Industrial strength thread ensures durable soft top construction.
- Heat-sealed DOT-approved vinyl windows meet U.S. and European regulations.
- Tinted windows available. Sold separately (see page 37).
- Fits with a variety of Bestop door kits (see page 34-36). Each door kit sold separately.
- Sunrider kit includes hardware, soft top and windows.
- Two year limited warranty.

Classic Trektop™ Part #56801-15 shown on Wrangler TJ.

CLASSIC TREKTOP™

- Patterned after Bestop's original frameless fast back top.
- The Trektop uses the vehicle sport bar for the drape point, creating a fast back look.
- Trektop comes with everything needed to install: soft top fabric, door surrounds, tinted side and rear windows, and hardware.
- Made with the same premium grade fabric as our top of the line Supertop.
- Fabric holds shape in any temperature, is mildew resistant and contains UV inhibitors to prevent fading.
- Features Bestop's tailgate bar for easy access into the rear cargo area without unzipping rear window.
- Quick and easy installation.
- Rear window unzips for quick removal.

HALFTOP™

- Combines the best features of the Bikini®, Windjammer™ and Duster™ accessories, sealing entire cockpit from exposure to elements.
- Convenient fold-back Sunrider® sunroof for open-air driving enjoyment.
- Zip out DOT-approved rear window, built in mesh screen for maximum ventilation.
- For unsurpassed appearance and durability, the premium fabric maintains its shape in any temperature, is mildew-resistant, contains UV inhibitors.
- The Belt-Rail™ attachment system allows fast, easy installation.
- Hardware is chemically treated and powder-coated for rust resistance to ensure long life.
- Tailgate bar allows you to open the tailgate without opening the rear compartment for trouble-free access.
- Industrial strength thread ensures durable soft top construction.
- Includes soft top and all hardware.
- Fits with a variety of Bestop® door kits (sold separately, see page 32-36).
- One year limited warranty.

Part #53809-15 Halftop™ shown on 2000 Wrangler TJ.

The rear window of the Halftop™ zips out; the mesh screen stays in place.

| Wrangler & Wrangler Unlimited, 07-16 | 55013 | 01 |

To attach a Bikini® to your vehicle, you need a Windshield Channel. The information here will assist in purchasing the correct Windshield Channel.

M-38A1, 51-62, CJ-5, 55-75 & CJ6 56-75

You do not need to purchase a windshield channel to install a Traditional Bikini if you have a stock windshield that already has channel built-in.

CJ-5, CJ-7, WRANGLER, 76-95 (PART #51209-01)

Models with soft tops have a windshield channel installed as part of the top kit. Carefully check the condition of existing channel to make sure it's tightly attached and free of rust or corrosion. If you have a hardtop on your vehicle, a windshield channel must be installed for the Bikini to fit. This windshield channel requires drilling to install.

97-02 WRANGLER & WRANGLER UNLIMITED (Part #51210-01)

Drill-in style. For Strapless Bkinis, this channel fits part numbers 52521 and 52530.

#51210

97-06 WRANGLER (Part # 51238-01)

No-drill style. Part# 51238-01 is a one-piece design. For Header Bkinis, these channels fit part numbers 52525, 52528, 52531, 52532 and 52544.

WRANGLER & WRANGLER UNLIMITED, 07-16 (PART #51243-01)

No-drill application. For Header Bkinis, this channel fits part numbers 52580, 52581, 52583, 52584, 52585 and 52586.

SUN BIKINI™ TOPS

Part #52401-35 Safari Style shown above on Wrangler JK Unlimited.

NEW SUN BIKINI® TOP FOR 1997-2016 WRANGLERS

Our new Sun Bikini® top is an interior sun shade that attaches above the driver and passenger seats, and stays there whether your soft top is on or off the vehicle. No-drill attachment and easy roll-back storage when you want nothing between you and the sky. Installs in just a couple of minutes.

- Fits 1997-2006 TJ Wrangler and 2007-2016 JK Wranglers
- Doesn't need an extra-cost windshield channel to install
- Uses simple hook-n-loop fastener and J-Hook system for no-drill install
- Choose Targa-style standard length or extended Safari length that covers all the way back over rear cargo area
- Choose Mesh fabric for filtered sunlight inside, or solid black diamond vinyl fabric that won't let water or light penetrate its surface

WINDJAMMER™

- Helps divert a majority of wind, rain and dust from entering the cab and keeps heat in the cockpit in cold weather.
- Easily attaches to the center sport bar with straps and buckles; attaches to the floor using the Belt-Rail™ system for most applications.
- For unsurpassed appearance and durability, the premium fabric maintains its shape in any temperature, is mildew-resistant, contains UV inhibitors and is offered in factory original colors.
- In combination, the Bestop® Windjammer™, Bikini® Top and Duster™ Deck Cover provide a stylish look while offering protection from the elements.
- The Windjammer™ features heavy-duty factory original fabric with 30 mil vinyl window. It wraps around the sport bars to better protect the cockpit from dust, wind and rain.

- For Classic Jeeps with up-to-date quality.
- Fits 1941-1986 CJ2A, CJ3A, CJ3B, CJ5, CJ7, Scrambler and Commando.

IDENTIFYING YOUR SOFT TOP HARDWARE

YJ ('87-'95) SUPERTOP® HARDWARE

YJ ('88-'95) FACTORY/SUPERTOP NX HARDWARE

It is important to identify what type of hardware you have. The type of soft top that should be purchased depends on whether your hardware is Factory Original Equipment or Aftermarket.

For older Jeep® models such as early TJ, YJ, CJ-7 or CJ-5, the original hardware is likely to be damaged or in poor operating condition. Make sure to carefully check its condition (i.e. rust, out of shape or altered) before ordering a Replace-a-Top™. **Need Replacement Hardware? See page 18 for details.**

TRAILMAX™ II SEATS

BESTOP® TRAILMAX™ II SEATS

Every TrailMax™ II seat provides the maximum in seating comfort, durability and safety:

- Unsurpassed appearance and durability, premium mildew and UV resistant vinyl fabric maintains its shape in any temperature, and is offered in factory original colors.
- Atlas Frame is sturdy and resists corrosion. Meets FMVSS standards.
- Seats contain Variable Rate of Resistance springs for comfort on the road and support on the trail.
- Premium quality high density closed cell foam minimizes fatigue and maintains the seat shape, ensuring comfort and appearance for years to come.
- 97-02 and 03-06 Wrangler applications require Seat Adapter Brackets. (See page 45).

1. **Four-Way Adjustable Headrest**

Adjusts up and down, back and forth.

2. **Premium Fabric**

Abrasion, tear, mildew and UV resistant. Color matching, DOT-approved.

3. **Ultimate Foam™**

Firm yet comfortable. Retains its original shape. Treated with a waterproof skin to prevent waterlogging. Flame-retardant.

4. **Atlas Frame**

Welded for strength and electrostatically painted to resist corrosion.

5. **Performance Bolsters**

Molded directly into seat (not glued on). Bestop bolsters maintain their shape for life of the seat.

6. **Reclining Back**

Wide range of adjustability with handy adjustment lever.

7. **Bolster Boosters**

Reinforce the bolsters, adding rigidity and support

8. **Variable Rate of Resistance (V-ROR)™ Springs**

Respond to increasing pressure with increased support.

9. **Universal Fit**

Fits Jeep Wrangler and CJ applications, 76-06.

10. **Rear Map Pocket**

Mesh pocket big enough to fit more than just maps.

11. **FMVSS 302 and 207 Compliant in Flammability and Seating Systems**

TRAILMAX™ II PRO

In addition to the benefits listed above for all TrailMax™ II seats, TrailMax™ II Pro offers the following:

- Recliner lever located on all TrailMax™ II Pro seats allows for quick and easy reclining with 20 position adjustments.
- Adjustable headrest adjusts up and down, and pivots forward and back for utmost comfort.
- Enhanced performance bolsters and sculpted lumbar support also provide seating comfort as well as stability.
- Elastic mesh map pocket offers handy access storage.
- Seats available in complementary vinyl and cloth fabric combinations. See chart below.
- Limited one year warranty.

FLOOR LINERS

- Contoured, precise fit liner program for Jeep TJ and JK Wrangler - Front seat, Rear seat and Rear Cargo liner SKUs.
- Superior TPE material outperforms cheaper liners and mats in extreme conditions.
- Tall 5/16" treads minimize slip, raised edge lip holds up to 40% more liquid, channels mud away from shoes.
- Standard floor hook cut-outs fit the OE floor hook(s) and have raised walls.
- Molded carpet grabbing nibs help secure the floor liner to vehicle's carpet.
- Floor Liners sold in pairs, Rear Cargo Liner sold separately, for TJ and JK Models.
- Made for Jeepers who really understand that their rig can get dirty.
- **Lifetime limited warranty.**

OEM quality motor and linkages.

Part #75299-15 shown on 2010 Wrangler.

TrekStep shown retracted.

TrekStep shown extended.

POWERBOARD™ FOR JEEP®

- Electrically powered running board retracts when doors are closed and extends down to meet your foot when door opens.
- New torsion bar design begins retraction of non-motorized linkage first and keeps it under slight pressure ensuring complete retraction, eliminating any sag.
- Drops down about 4" and out 2" to create a stair-step into your Jeep
- Full length board works with both front and rear doors, driver and passenger sides.
- Complete kit includes two full length boards, OEM quality motor, controller, hardware, wiring harness with weatherproof connectors and LED Light Kit.
- Built-in anti-pinch safety feature senses pressure to keep the board from retracting on your hand and feet.
- Patented high strength, die-cast aluminum linkage built to last in any climate.
- OEM validated quality motor and linkages.
- Integrated LED Light Kit mounts to linkage or body and illuminates board and ground below for easier access in and out of your vehicle.
- Sturdy 6.25 inch wide aluminum running board features ultra-durable, non-slip, powder-coated surface.
- 600 pound load capacity per side, 3 year/36,000 mile warranty.

TREKSTEP® FOR JEEP®

- Provides convenient , stair step access to your Jeep in any weather.
- Spring-loaded TrekStep tucks beneath rear bumper for ground clearance and hands-free operation.
- Patented linkage easily extends down 6 inches and to the side with push of your foot.
- Simple, no drill installation attaches directly to rear bumper in less than 10 minutes.
- Heavy-duty 300 pound load capacity.
- Slip resistant aluminum step pad features textured powder coat finish.
- Market leading 3 year/36,000 mile warranty.
- Heavy duty mounting hardware included

UNIVERSAL RACK TRAY / MODULAR RACK SYSTEM

Take storage to the next level with our Modular Rack System. Choose where you need additional storage by opting for either our Tailgate Rack Bracket, or Lower Cargo Rack Bracket. One tray – multiple storage options! No drilling required for installation. Each bracket attaches with a hand-tighten knobs for easy removal.

- Universal Rack Tray required for either Rack Bracket (sold separately).
- The Universal Rack Tray is manufactured of sturdy plastic that is lighter than steel, has better impact resistance, and doesn't rust.
- The Universal Rack Tray features pre-installed recessed eye-bolts to anchor tie-down straps.
- Use the Tailgate Rack Bracket and the Lower Cargo Rack Bracket simultaneously.
- Holds up to 75 lbs. of gear per tray.
